

Test Preparation Guide

- ▶ The Assessment3: Final Exam has been replaced with the Assessment3: Test
- ▶ Read a document **Important information about the test** that is available in the section **Assessment3: Test**. The document explains the assessment process in detail.
- ▶ Recommended preparation process:
 - Review lectures 1 – 11 available in the section Lectures
 - Review Echo 360 lecture records 1 – 11 available in the section Remote study
 - It may also be helpful to review the textbook *Information Technology Project Management* chapters 1-11 and 13 and make your own notes
- ▶ You can use the textbook and lecture notes to answer test questions, but these materials may not be very helpful if you have not reviewed them before the test
